WarmUp | 1400 | Futura

WarmUp 1400 Futura is a 230V module based vehicle pre-heating system including an engine heater, Termini™ II 1400 interior heater, MultiCharger 1205R Flex battery charger, Futura timer and extension and connecting cable.

With DEFA WarmUp installed you will always have a warm and comfortable car ready to start with a fully charged battery. DEFA WarmUp reduces fuel expenses and harmful emissions.

DEFA AS is conforming to the requirements of both ISO 9001-2008, ISO 14001:2004 and OHSAS 18001:2007. In addition to this, our engine heaters and cables are conforming to the requirements of ISO/TS 16949:2002.

Item number

471284

Assembly box: 4 pcs.

Note! Engine pre-heater is specially adapted to different engines and has to be ordered separately.

Install WarmUp according to the enclosed installation guide.
